

The Utility of Life Story Cards for Multimodal Language Stimulation in PPA

Lauren Schwabish M.S., CCC-SLP
@neurospeechservices

What I notice

Family and client are motivated to tell stories

Anxiety and grief around dx

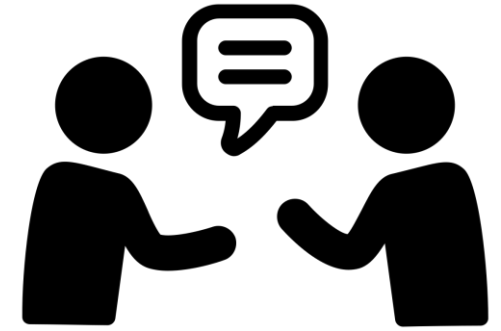

What I know

Writing > Verbal

Oral reading is strength

Functional tech skills

Emerging changes in processing conversation

Where do we go?

Create a life story HEP

Plan for writing, oral reading, and listening

Support use of tech for story preservation + family participation

How To Guide to Writing Life Stories on Google Drive

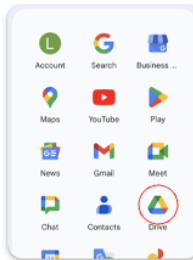

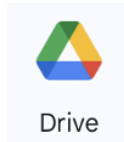

*This is in the yourname@gmail.com account;
you will not find your stories in another Gmail account

Look for the dotted grid on the upper right corner

Gmail Images 

Click on the grid; see a dropdown menu of icons:

Click on Drive

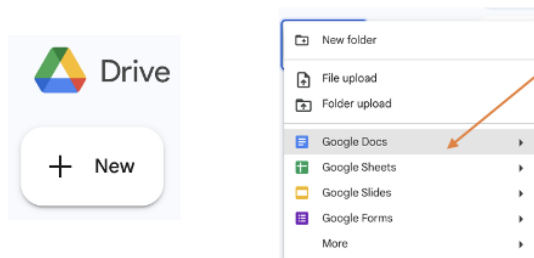

From Home, you can find your stories in the Folder "Life Stories"

Home

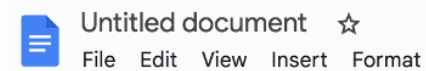

Suggested

Select an existing file. To make a new one, click on the + New on the left side of the screen) to start a new Google Doc

Add a Title. Your work is saved automatically

Journal App

Voice Memos App
