

# International Aphasia Rehabilitation Conference

June 22-24 • Philadelphia, PA

---

## Poster Session One

Thursday, June 23 | 10:30 AM ET | In Person Only

---

### Fatigue Levels Across 30 Hours of Intensive Treatment - An Analysis of 140 Participants From the COMPARE Trial

Pierce, J.E., Harvey, S., Dickey, M., Cadilhac, D., Carragher, M., Copland, D., Foster, A., Godecke, E., Kim, J., Hurley, M., Nickels, L., Meinzer, M., Rai, T., Togher, L., Wilcox, C., & Rose, M.L.

### Transcranial Direct Current Stimulation Paired With a Short Course of Phonomotor Treatment in Aphasia: Preliminary Findings

Rodriguez, A.D., Tibus, E., Weatherill, M., Champion, G., Krishnamurthy, V., Harrington, R., Krishnamurthy, L.C., & Crosson, B.A.

### Aphasia Assessment: The Role of a Specialized Cognitive-Linguist Test to Augment Comprehensive Aphasia Batteries

Martin, N., Tucker, C.A., & Greenspan, W.

### The Impact of Aphasia on Joint Decision-Making Communication Between Married Couples

Husak, R.S., Marshall, R.C., Meulenbroek, P.C., & Wallace, S.E.

### Strategies for Rehabilitation of Everyday Mathematics in People with Aphasia

Brancamp, T.U., & Brancamp, D.J.

### Baseline Cortical Anatomy Predicts Response to Combined HD-tDCS and Speech Therapy Intervention in Primary Progressive Aphasia Patients

Nissim, N.R., Harvey, D.Y., Haslam, C., Grossman, M., Coslett, H.B., & Hamilton, R.H.

### US SLP Perspectives on Supporting the Psychological Health of Individuals With Aphasia

Hayashi, H., Gravier, M., & Bernstein-Ellis, E.

### The Impact of Videoconferencing on Communication for People With Aphasia

Neate, T., Wilson, S., Kladochou, V., & Townsend, R.

### Examining the Impact of Virtual Therapy on Quality of Life of People With Aphasia

Wilson, C., MacPherson, C., Mauriks, K., Auch, L., Wirzba, M., & Kim, E.S.

## International Aphasia Rehabilitation Conference

June 22-24 • Philadelphia, PA

### Benefits of a Community-Based Arts Program for Persons With Aphasia

Corwin, M., & Lucas, M.

### How Can Clinicians Support Learning During Naming Treatment for Aphasia? A Review of the Learning Mechanisms Underlying Errorless Learning, Errorful Learning, and Retrieval Practice

Nunn, K., Middleton, E., & Vallila-Rohter, S.

### The Parts and the Whole: How People With Aphasia Experienced a Novel Discourse Therapy (LUNA)

Cruice, M., Barnard, R., Hersh, D., Boyle, M., Marshall, J., Dipper, L., Botting, N., & Swinburn, K.

### Measuring Patient-Reported Satisfaction/Impact of Treatment and Care-Partners' Perceptions of a University Aphasia Clinic

Devanga, S., Pollens, R., Koss-Ryan, M., Nagler, E., & Ruffini, C.

### The PNT-CAT: A Computer Adaptive Test Version of the Philadelphia Naming Test

Cavanaugh, R., Swiderski, A.M., Hula, W.D., & Fergadiotis, G.

### Development of a Teletherapy Platform for People With Aphasia: Focus on User Experience

Diehlman, L., Leinweber, J., Plath, A., Spelter, B., & Corsten, S.

### Stress, Sleep, and Discourse Production in Aphasia

Laures-Gore, J., Trotti, L.M., Moore, E., Fuchs, A., & Griffey, H.

### A Randomized Controlled Trial of the Effects of Group Conversation Treatment on Monologic Discourse in Aphasia

Hoover, E.L., & DeDe, G.L.

### Assessment of Motivation During the Therapeutic Process: A Feasibility Study

Weatherill, M., Tibus, E., & Rodriguez, A.D.

### Group Members' Communicative Style and Interactant Roles During Facilitated Conversation for People With Aphasia

Gulick, E., Archer, B.E., & Mosko, R.

## International Aphasia Rehabilitation Conference

June 22-24 • Philadelphia, PA

### Accessing Information and Adapting to the Role of Care Partner for Stroke Survivors With Aphasia During the Early Covid-19 Pandemic

Shafer, J.S., Haley, K.L., & Jacks, A.

### First Steps in Creating Effective Multi-Stakeholder Research Groups

Hinckley, J., & Strong, K.A.

### Assessing Cognitive Skills of Individuals With Aphasia With the “Oxford Cognitive Screen-Turkish Version (OCS-TR)” and Examining the Relationship Among Cognitive Skills, Language Skills and Other Related Factors

Oğuz, Ö., & Toğram, B.

### The Benefits of Practicing Yoga in Persons With Aphasia

Bislick, L., Dietz, A., Duncan, E.S., & Cornelius, K.J.

### Impact of an Adapted Virtual Intensive Comprehensive Aphasia Program (AVICAP): Communication Outcomes for People With Aphasia

Kim, E.S., Tomlinson, H.A., Innes, E., Wilson, C., & Mahendra, N.

### How Do People With Aphasia Perceive Befriending and Being Befriended Within a Peer Befriending Intervention? Qualitative Findings From the SUPERB Trial

Moss, B., Northcott, S., Behn, N., Monnelly, K., McVicker, S., & Hilari, K.

### Training Health Professionals in KomTil - A Co-Designed Communication Partner Training Program

Isaksen, J., Breckling, M., & Bertram, M.

### Classroom and Clinical Training Outcomes From Bibliotherapy: Student Experience of Reading Identity Theft: Rediscovering Ourselves After Stroke

Carney, A., Bernstein-Ellis, E., Kravitz, J., Kanenwisher, S., & Hoover, E.L.

### “But I’m Gonna Be Alive a Bit More Than I Was Before”: Perceptions of People With Aphasia Following an Interdisciplinary Songwriting Intervention

Strong, K.A., & Sather, T.W.

Caregiver-Led Word Retrieval Training Using a Free Online Interactive Naming Therapy Website for Persons With Aphasia

Khorassani, H., Morales, M., Sandberg, C.W., & Gray, T.

User-Centered Design of an Accessible Goal Setting and Action Planning (Access G-AP) Resource for Stroke Survivors With Aphasia

Brown, S.E., Scobbie, L., Worrall, L., McMenamin, R., & Brady, M.
