Pereira, D., Patricio, B., & Silva, F.

### Evaluation of the Clinical Effectiveness of the Comprehensive, High-Dose Aphasia Treatment (CHAT) Program at the Surgical, Treatment and Rehabilitation Service (STARS)

Dignam, J., Burfein, P., Campbell, J., Greig, E., Hill, A., Roxas, K., Shrubsole, K., Wallace, S.J., Appadurai, K., & Copland, D.

### The Effectiveness of Dual Stimulation Over Temporo-Parietal Cortex for the Recovery of Written Language in Post-Stroke Aphasia

Pisano, F., & Marangolo, P.

### Experience-Based Co-Design of Aphasia Services: Explaining the Positive and Negative Experiences Identified by 62 People With Aphasia and Their Significant Others

Anemaat, L., Palmer, V.J., Copland, D., Mainstone, K., Druery, K., Druery, J., Mainstone, P., Binge, G., Aisthorpe, B., & Wallace, S.J.

## International Aphasia Rehabilitation Conference

June 22-24 • Philadelphia, PA

### “You Are More Than This Assessment”: Speech Pathologists’ Views of Assessing People With Primary Progressive Aphasia

Hersh, D., Mallett, E., & Cartwright, J.

### What Errors That Evolve During Rehabilitation Tell Us About the CATE Hypothesis

Li, R., O’Connell, M., Gilmore, N., & Kiran, S.

### Addressing Gaps in Reliability Data for Discourse Measures in the Spoken Personal Narratives of People With Aphasia

Magdalani, C., Cruice, M., & Dipper, L.

### Modification of a Measure of Resilience for Aphasia

Hunting-Pompon, R., Mach, H., & Stroker, B.

### Speech and Language Therapists’ Views and Experiences of Intensive Aphasia Rehabilitation

Monnelly, K., Dexter, H., Marshall, J., & Cruice, M.

### Reporting Standards for Participant Characteristics in Post-Stroke Aphasia Research: The Describe Study

Wallace, S.J., Isaacs, M., Ali, M., & Brady, M.

### Developing Convers-ABI-lity: An Online Multimodal Intervention for People With Brain Injury and Their Communication Partners to Improve Conversations Together

Avramovic, P., Rietdijk, R., Kenny, B., Power, E., Attard, M., Lim, R., Rushworth, N., MacLean, L., & Togher, L.

### The Art of Conversation With Aphasia (ACA): A Co-Designed CPT Programme

Beckley, F., Beeke, S., & Hafter, N.

### Posttraumatic Growth Following Aphasia: A Prospective Cohort Study of the First Year Post-Stroke

Sherratt, S.

### The Experience of Friendships From the Perspective of People With Aphasia: Results from Cross Sectional and Longitudinal Interviews

Ford, A., Douglas, J., & O’Halloran, R.

### Aphasia Nexus: Connecting Evidence to Practice

Trebilcock, M., Ryan, B., Worrall, L., & Shrubsole, K.

**Cross-Linguistic Effects of a Semantic Treatment for Anomia Provided in Three Languages:  
Evidence From Multilingual Aphasia**

Marte, M.J., Billot, A., Peñalosa, C., & Kiran, S.

**Treatment for Mild Aphasia: A Systematic Review**

Mozeiko, J., Suting, L., Wadams, A., & Lindsey, A.

**Respondent Burden in Patient-Reported Outcome Measures for People With Aphasia:  
Considerations for PROM Validation**

Engelhoven, A., Bislick, L., Gray, S., & Hunting-Pompon, R.

**“Esprit de Corps”: Exploring the Impact of Long-Term Participation in the Aphasia Tones Choir**

Fox, M.C., Bernstein-Ellis, E., Thies, C., & Gravier, M.
